Therefore, except as otherwise provided below, no liquor establishment (tavern) may be located within 1500 feet of any other liquor establishment (tavern), church, synagogue, school, child care facility licensed for more than 12 children, or City park.</p> <p><u>*2.</u> The distance separation referred to in Requirement 1 shall be measured with reference to the shortest distance between two property lines, one being the property line of the proposed liquor establishment (tavern) which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed liquor establishment (tavern). The proposed liquor establishment (tavern) will have direct access (both ingress and egress) from a street having a minimum right-of-way width of 100 feet. The required access may be shared with a larger development but must be located within the property lines of the parcel on which the proposed liquor establishment (tavern) will be located;</p> <p>C. All parking spaces required by this Table 2 and LVMC Chapter 19.10 for the liquor establishment (tavern) use will be located on the same parcel as the use; and</p> <p>D. The owners of all parcels within the commercial subdivision, including the owner of the parcel on which the liquor establishment (tavern) will be located, execute and record an agreement, satisfactory to the City Attorney, that provides for perpetual, reciprocal cross-access, ingress and egress throughout the commercial subdivision.</p> <p>4. The distance separation requirement set forth in Requirement 1 does not apply to an establishment which has a non-restricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992, or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992.</p> <p>5.
